

# Labex SIGNALIFE Symposium

## Genetics of Growth and Regeneration

Thursday April 16<sup>th</sup>, 2015 : 10 am to 4 pm

Théâtre du Grand Château, Campus Valrose  
UFR Sciences, 28 Avenue Valrose, 06100 Nice

- Growth control: PI3K and TOR Signaling and Dpp spreading.  
Marco Milan, *Institute of Research in Biomedicine, Barcelona, Spain*
- Regulation of tissue fitness during growth  
Laura Johnston, *Columbia University, New York, USA*
- Genetic regulation of growth and regeneration  
Iswar Hariharan, *UC Berkeley, Berkeley, USA*
- Tissue Repair in *Drosophila* Imaginal Discs: From Oxidative Stress to Cytokines  
Florenç Serras, *University of Barcelona, Spain*
- Growth coordination between organs  
Pierre Léopold, *Institute of Biology Valrose, UNS, Nice*

Organized by P. Léopold, *institut de Biologie Valrose (iBV)*
